Attention: Mr. Walter Arensberg

Gentlemen:

Enclosed herewith for your review is one copy of the following:

1. Test Boring Data from the original Headquarters construction contract documents
2. 1975 Master Plan for the Fairbank Highway Research Station

The Test Boring Data has been copied from small-scale reproducibles and may be difficult to read. If you desire larger copies, please advise and we will provide them for you. The Master Plan for the Fairbank Highway Research Station is six years old and may have been revised without our knowledge. It is suggested that you contact Bob Gresham of the National Capital Planning Commission for any update that they may have in their files.
